

MALE SERVICES OUTREACH ASSESSMENT

This checklist should be completed by members of your community education/outreach team.

Agency: _____

Team members: _____

Clinic site: _____

NOTE: You may need to complete an outreach assessment for each clinic, rather than the agency overall. That will depend on how your outreach and community education practices and policies are structured.

	YES	NO
Has a needs assessment been completed to plan outreach activities for men?		
Do you have formalized community partnerships to promote and provide reproductive health/family planning (RH/FP) services to men?		
Do you have a written plan to ask female clients to encourage male partners, friends and family to use clinic services?		
Do you have a formal outreach plan to promote RH/FP male services?		
Do you have promotional materials to promote RH/FP male services?		
Do you have a distribution plan for your promotional materials?		
Does your outreach plan target males and females to promote RH/FP male services?		
Are you a part of a coalition/network where you can promote male RH/FP services?		
Do staff regularly meet with other organizations to promote male RH/FP services?		

OUTREACH ASSESSMENT RESULTS

INSTRUCTIONS

The outreach team should complete one results page for each clinic site reviewed.

Clinic site: _____ Date Completed: __ / __ / __

FINDINGS

List below the most significant findings (Ah-ha moments) from assessment. Include both positive and critical observations.

IDEAS

List below the ideas that the team and staff offered for improvement.
